

SMART INDIA HACKATHON 2024

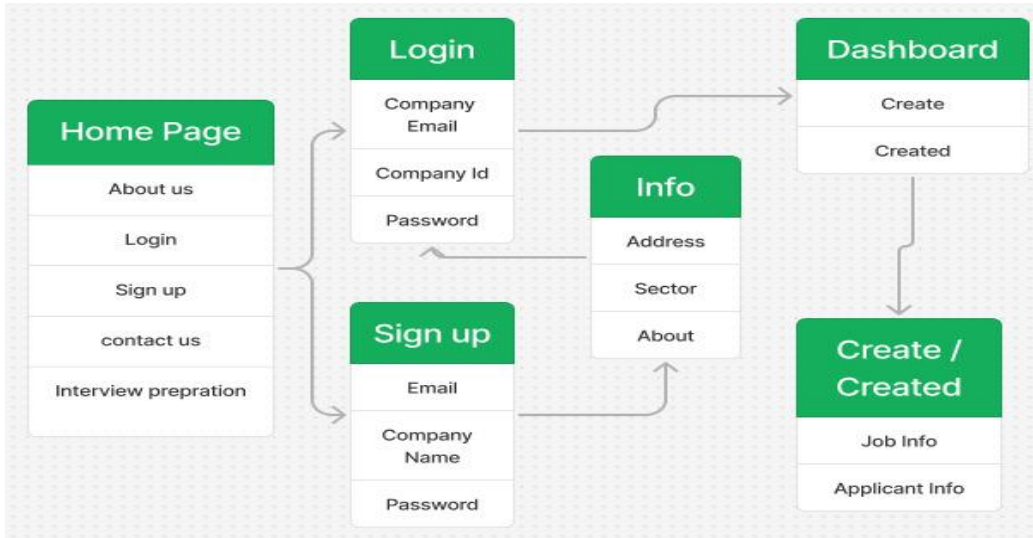

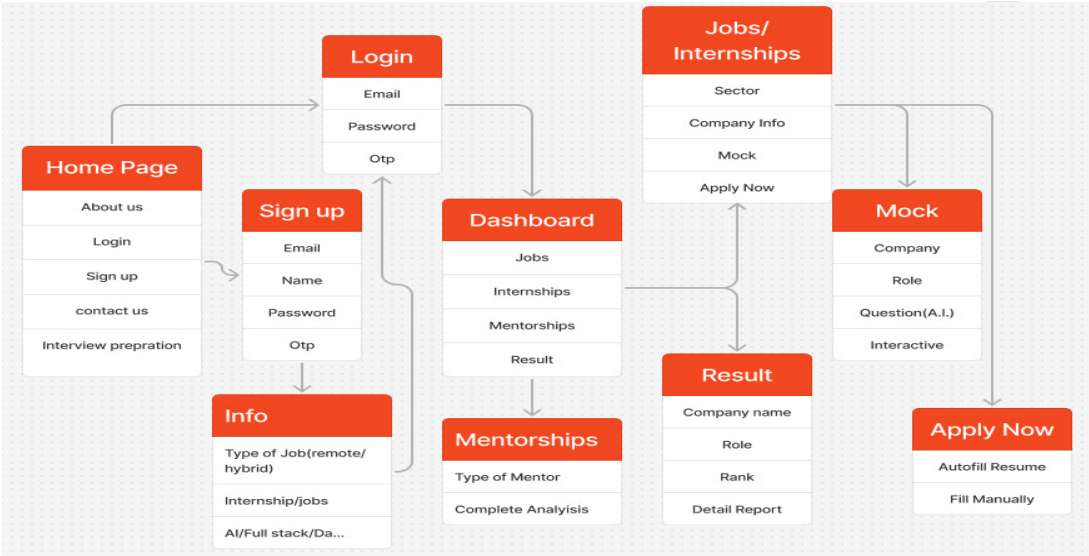

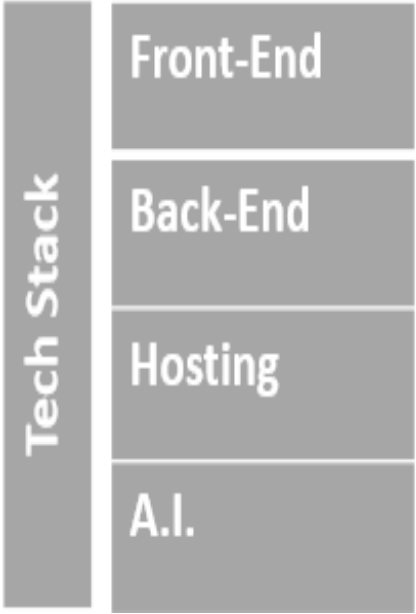

- **Problem Statement ID** – 1632
- **Problem Statement Title** - An Interactive Job and Internship Platform for Technical Education Department, Govt. of Rajasthan
- **Theme** - Smart Education
- **PS Category**- Software
- **Team ID**- GLAUST48
- **Team Name** – COOL NERDS

IDEA SOLUTION

- **Limited Access to Opportunities:** Graduates face difficulties in finding diverse job openings across private, government, and international sectors.
- **Gaps in Existing Platforms:** Current platforms lack comprehensive listings and fail to fully support the job search process.
- **Inadequate Support Services:** There's a shortage of resources for counseling, career guidance, internships, and training.
- **Need for a Comprehensive Solution:** An AI-driven platform is needed to enhance job matching and provide essential career resources.
- **Comprehensive Job Platform:** Centralized listing for jobs and internships across all sectors.
- **Smart Job Matching:** AI-driven keyword-based matching from user profiles and job descriptions.
- **AI-Driven Mock Interviews:** Tailored mock interviews with performance reports for improvement
- **Company Portal:** Tools for companies to upload vacancies, monitor applicant performance, and filter candidates by resume quality and interview scores.
- **Comprehensive Feedback and Mentorship:** AI-based feedback and human mentorship to guide career development.

Feasibility Overview:

1. Technical:

1. **Scalable:** Grows with user demand.
2. **Modern Tech:** Uses up-to-date technology.

2. Operational:

1. **User-Friendly:** Easy to use with automated features.
2. **Low Maintenance:** Simple to update and maintain.

3. Economic:

1. **Cost-Efficient:** Budget-friendly with open-source tools.
2. **Revenue Potential:** Opportunities for income through ads and premium options.

4. Legal:

1. **Compliance:** Follows data protection and legal requirements.
2. **Security:** Protects user data effectively.

Viability Overview:

1. Market:

1. **Demand:** Meets a growing need for a comprehensive career platform.
2. **Opportunity:** Fills gaps left by competitors.

2. Financial:

1. **Revenue Streams:** Potential for income through ads and premium features.
2. **Cost Management:** Budget-friendly with long-term financial sustainability.

3. Sustainability:

1. **Long-Term Use:** Designed to stay relevant with ongoing updates.
2. **Community:** Builds a supportive user base and engagement.

4. Strategic:

1. **Partnerships:** Opportunities to collaborate with educational institutions and companies

Potential Impact on the Target Audience

- Simplified Job and Internship Search:** Consolidates all listings and preparation resources on a single platform, saving users time and reducing stress.
- AI-Driven Matching:** Matches candidates to roles more effectively, increasing the likelihood of successful placements.
- Skill Development:** Provides feedback and mentorship to help users enhance their skills and advance their careers.

Benefits of the Solution

- Social:** Enhances access to opportunities and supports career development through inclusive resources and guidance.
- Economic:** Improves hiring efficiency for employers and increases job seekers' chances of employment, reducing costs and boosting economic stability.
- Environmental:** Lowers the carbon footprint by minimizing the need for physical recruitment processes and travel.
